

Serial Belton # 33511  
Unit 30

Parchman MS. 38738

May 12, 1914

I'm Serial Belton and presently a inmate here at Parchman Prison. I'm writing to those who might be concerned, curious, or that just really care. I would like to give my views, feelings and true thoughts concerning the prison writes class that's offered here at Parchman by Mr. Professor Louis Bourgeois.

First of all I want to thank Mr. Professor Louis Bourgeois for the warm thought and caring spirit for even considering the forgotten and down trotted men that resides here temporarily and some even for their entire lives.

This class that Professor Bourgeois offers has opened up for me and have given me a desire to write, and a outlet of expression, which I truly value and thank Professor Bourgeois for. My prayer and hope is that this program will continue, expand, and produce great writers for many years to come.

Sincerely  
Serial Belton
